

Helping The Community To Thrive, Inc.

Greetings Mr. Al Eskanazy Chairman, CEO

CPR Foundation

Happy New Year! We hope this letter reaches the CPR Foundation in good spirits.

Helping the Community to Thrive (HTC), an outreach Organization designed to support the local community, wants to express gratitude to the CPR Foundation for their charitable contributions during the 2023 holiday season.

For Thanksgiving we received \$500, which was used to purchase 27 turkeys, and \$300 in Publix gift cards. Then for Christmas, the CPR Foundation donated \$500 and we used that to purchase (25) \$20 Walmart gift cards, and \$1,000 to purchase 10 Huffy bikes for our affiliation initiative.

The CPR Foundation has been a invaluable resource to us; which creates the enhancement and expansion of our mission. We are so grateful for this partnership, as it is an example of how people should come together for the aid of these less fortunate.

Sincerely Yours,

Pastor James R. Williams, President
